GERMANY BALKS AT PAYING OFF

ALLIED DEMANDS CALLED MADNESS, MEAN CALAMITY

High Officials Squirm As
Figures Are Read to
Reichstag.

(By the Associated Press.)
BERLIN, Feb. 1.—Dr. Walter Simons, the German foreign minister, will tell the reichstag at the session this afternoon that Germany cannot subscribe to the allied reparations demands, on the ground that they are not possible of fulfillment.

BERLIN, Feb. 1.—Germany regards the reparations terms decided upon by the supreme allied council in Paris this week as fantastic and impossible of execution and it is the general opinion of the government cannot agree to them.

The cabinet which received the text of the allied note yesterday was in session last night and the note was not released for publication until too late for editorial comment.

"Madness," is the term leaders of the reichstag used in discussing the reparations conditions. Foreign Minister Simons declared the execution of the terms would "produce chaos, not only in Germany, but throughout Central Europe, as the bankrupting of Europe would also bankrupt parts of Germany's war creditors, among whom is France."

"It is greatly to be deplored," he continued, "that the great American nation was only a bystander during the negotiations concerning reparations at Paris. The settlement of this question determines the fate of the world's economics and of world culture."

DELAY COSTLY TO U.S. IN BUILDING SHIPS

(By the Associated Press.)
WASHINGTON, Feb. 1.—A six month's suspension of work on the 1916 naval building program scheduled for completion in 1923, would result not only in delaying the commissioning of much needed ships but in greater cost to the government, Admiral Robert E. Condit, chief naval operations and Rear Admiral D. W. Taylor, chief constructor of the navy told the senate naval committee today in executive session.

CITY TO COLLECT TAXES ON PIANOS AND SERVANTS

(By the Associated Press.)
PARIS, Jan. 12.—This city has just been authorized to collect higher taxes on pianos and domestic servants. For the privilege of being managed by an autocratic cook or a diplomatic maid, Parisian families will now have to pay 40 francs a year. If the servants are men the amount is doubled.

314 GO BACK TO WORK WHEN SHOPS RE-OPEN

SEDALIA, Mo., Feb. 1.—The shops of the Missouri, Kansas and Texas railroad here, which closed January 18, were opened today, re-employing 314 men. The shops will close again Saturday but will resume work Monday, February 7.

Cotton Growers' Association is Endorsed by Farmers' Union

A majority of the delegates at the meeting of the Pontotoc County Farmers' union Saturday afternoon voted their approval of the Oklahoma Cotton Growers' association and invited the organizers of that association to bring their work to this county. Farmers from all over the county were present and the majority vote recorded on the proposition is regarded as an index to the sentiment of the cotton raising body of the county.

The announcement was made at the Saturday afternoon meeting that Robert F. Wilburn of Ada has been appointed to a position on the state organizers board with the association, and it is understood that he will have active control of the organization work in Pontotoc county. The organization work will, no doubt, be started at once.

Wilburn will be assisted by a committee of 20 men in the field work, and when the work starts it will be the purpose to cover the entire county as quickly and thoroughly as possible. An auditing committee to be composed of five members will be selected after the work gets under way, and one of the members will be chosen to act as county secretary.

This vote of approval was made by the members of county farmers' union after they had investigated the plans of association, and satisfied themselves that no better way

Import Duty for Sunflower Seeds and Nails

They're Busy in Washing-
ton with the Emergency
Tariff Bill.

(By the Associated Press.)
WASHINGTON, Feb. 1.—The Fordney emergency tariff bill awaiting action in the senate has begun to resemble a wooden ship adrift in a barnacle-infested sea. Every day sees innumerable amendments added to it both by its opponents and its friends and the latter today began to see visions of it sinking beneath the waves from the weight imposed.

The latest acquisitions to the bill in the form of amendments appeared today in proposals to place import duties on sunflower seed and nails.

The bill as it left the house provided for duties on about a score of products. Even senate clerks were unable to estimate the number of commodities that would be subject to additional tariff levies, should all the amendments offered since the measure reached that body be adopted.

The bill in the meantime faced another round of debate today, which some senators said probably is its last full day, for tomorrow the senate will be called upon to vote for the limitation of debate.

JAPAN HAS FEWER DIVORCES THAN OTHER COUNTRIES

(By the Associated Press.)
TOKIO, Jan. 1.—The assertion is made here that Japan leads the world in proportion of divorces to marriages. Unofficial reports state that the number of divorces in 1918 was 56,741, as against 503,236 marriages, a ratio of 112.8 divorces to each 1,000 marriages.

This is compared to the German rate of 21.6 per thousand which is said to be the highest divorce rate in Europe. Unofficial figures indicate that Japan's rate of increase in population was about one-half in 1919 by influenza and high cost of living. The estimated yearly increase of Japan's population has generally been assumed to be about 800,000. In 1918 the customary estimated census showed an increase of about 600,000, while in 1919 the increase was only 308,794.

SECURITY STATE BANK ABSORBS GUARANTY STATE

Takes Over Assets and Liabilities in Merger Here.

The affairs of the Guaranty State bank of Ada were taken over by the Security State bank of this city in a merger effected yesterday afternoon. When the Guaranty State closed its doors last night its charter was surrendered to Fred G. Dennis, state bank examiner. The Security bought the closing bank's assets, and has absorbed all of the Guaranty's liabilities, including deposits amounting to \$156,000. The capital surplus and undivided profits of the Guaranty State will be held by the Security until all of the Guaranty's affairs have been liquidated.

In merging with the Guaranty State bank, the Security has not increased its capital stock, but the deal increases the resources of the Security State from \$300,000 to more than \$450,000.

William Pegg, active vice-president of the Security State, told a representative of The Evening News this morning that all of the paper taken over was absolutely good, and that the affairs of the Guaranty State are in a solvent condition. The merger was brought about in order to combine the resources of the two institutions.

The Guaranty State was the fourth bank to be established in Ada. It started business 14 years ago. Its present capital and surplus fund amount to \$36,000. Mr. Dennis last night closed the bank's books, transferring the accounts to the Security State.

Cecil C. Mallory, who has served as cashier of the Guaranty State, has accepted a position with the Security State.

TO CLAMP DOWN ON 'HIGH PROOF' MEDICINE

(By the Associated Press.)
WASHINGTON, Feb. 1.—Prohibition enforcement officers are preparing to take the first step to stop the manufacture of intoxicating beverages, masquerading as patent medicines.

A number of new widely known preparations which have been analyzed, officials said, were found to be intoxicating. Others are now being examined.

One of the annoying things is for a man to hear the 5 o'clock whistle every morning when he does not get up until 6:30.

THE LEGISLATURE

(By the Associated Press.)
OKLAHOMA CITY, Feb. 1.—The senate committee on state and county affairs announced today the makeup of the American Legion hospital bill, which has been revised and divided into two separate prospective statutes.

The substitute for the old legion bill provided for construction of a hospital and vocational training building for former service men and for a commission to administer the act. The hospital would be known as the Oklahoma Soldier's Memorial hospital. Certain lands known as the capital building land would be turned over for the building.

The commission would consist of the governor, who would act as ex-official chairman, one person to be selected from the house of representatives, one from the senate and one member of the American Legion department of Oklahoma. The hospital would have a capacity of at least five hundred beds and would cost not to exceed eight hundred thousand dollars.

The second bill would authorize the state board of affairs to enter into a contract with the federal government to lease the tuberculosis sanatorium at Clinton and would appropriate fifty thousand dollars for the erection of cottages at the sanatorium.

It was expected that both bills would be presented at the senate late today.

The Weather

Tonight and Wednesday partly cloudy to cloudy.

EX-PASTOR CONFESSES TO COMPLICITY IN HUGE MAIL ROBBERY OF ILLINOIS

Guy Kyle, former minister, with his daughter, May, and his wife.

Guy Kyle, former rector of the Free Methodist church in Mount Vernon, Illinois, is under arrest charged with the theft of a registered mail pouch containing \$212,000. Kyle has announced that he would plead guilty to complicity in the theft, but he denied participating in the actual theft. He said he became a party to the robbery after the packages were brought to a garage, of which he is half owner.

It is said that Mrs. Kyle pleaded with her husband to confess and vowed to wait for him to pay the penalty of his act. His young daughter broke down completely when she saw her father in the jail. Kyle is forty-five years old.

Judge Halts Murder Trial, Dismisses Case

Finds Roses Were Forced
to Shoot Indian in Self
Defense.

Halting the case in the midst of its prosecution the court Bolen yesterday afternoon asked a jury in district court to dismiss the charge of murder against Will Rose, on trial for participation in the killing of Nordon McLish, full blood Chickasaw Indian. The court held that the evidence pointed unmistakably to a case of self-defense.

The jury agreed with the judge and returned a verdict as requested. The court's action followed the introduction of testimony by witnesses for the state and a few for the defendant.

"This is a plain case of killing in self defense," declared the court as the prepared verdict was handed to the foreman of the jury, "retire to the jury room, gentlemen, and talk the matter over. If you fail to agree with me and desire to hear more testimony the case will proceed when you return to your places."

Two minutes later the jury filed back into the court room and delivered a verdict declaring the defendant not guilty. Judge Bolen immediately dismissed the other two cases against John Rose, the father and Ira Rose, the brother of the defendant who were charged jointly with him with the murder of McLish.

Nordon McLish, a full blood Chickasaw Indian, was shot the night of Christmas eve, 1919, in front of the Rose home near the Blue Mound school house, fifteen miles south of Ada and died a few hours later from his wounds. William Isaac was with McLish and was also shot. He died December 6, last, without making a legal statement as to the guilt or innocence of the members of the Rose family who had been charged with the murder of his friend, McLish.

Members of the McLish family testified that they were with McLish and Isaac at the time the shooting occurred. They claimed that they were working on an automobile in front of the Rose home when they were fired upon without any provocation or excuse, and that McLish and Isaac did not return the fire.

The defense proved that Isaac was seen in Pontotoc a few hours before the shooting occurred. He was then drunk and armed with a pistol and made threats of personal violence against John Rose and his family. C. Batson, who lives just across the road from the Rose home heard Isaac and McLish ride by three or four times and each time they were cursing and abusing the Rose family. He heard the first shot fired and said it was the report of a small gun, a pistol. This pistol shot was followed immediately by a number of shots from Winchester and shot guns and cries of pain were heard.

A day or two after the shooting he made an investigation and found two bullets imbedded in the side of the Rose home, one from an automatic and the other from a pistol. These bullets were exhibited to the jury and the witness also told of finding another bullet mark on a black jack post in the front yard. The Roses were armed only with Winchester and a shot gun and the

SUPREME COURT PROHIBITS RISE IN GAS RATES

Judge Grants Requests of
Cities for Restraining
Order.

(By the Associated Press.)
OKLAHOMA CITY, Feb. 1.—The state supreme court today granted a prohibitory order restraining the state corporation commission from enforcing its recent order granting a 10-cent increase in gas rates, to the Oklahoma Natural Gas company.

The court's order, which was unanimous, applies to all cities which joined Oklahoma City in filing the petition for a prohibitory order. These are Muskogee, Guthrie, Enid, Shawnee, Wellston, Chandler and El Reno.

C. B. Ames, member of the law firm representing the gas company, in a statement immediately after the announcement of the court's order, said the case is not of a nature permitting an appeal to federal court and that the decision of the state supreme court would be final. He said the next step of the gas company would be decided at a conference to be held immediately.

Will Is Probated

(By the Associated Press.)
KANSAS CITY, Mo., Feb. 1.—The entire estate of the late William Kenefick, railroad builder, in the will filed for probate today, is left unconditionally to the widow, Mrs. Nellie Kenefick, who lives here. The estate is valued at three million dollars.

TO BUILD SPUR TO FEED MILL

Three Roads To Combine in
Extending Industrial
Track.

O. N. Walker, secretary of the Ada Chamber of Commerce, returned Saturday night from a trip to St. Louis, Chicago and Topeka which was made for the purpose of urging the officials of the Santa Fe, Katy and Frisco roads to act promptly on a contract which has been submitted to them providing for the joint construction of an extension to the industry track north of the city.

Mr. Walker says he was given courteous attention by the railroad officials, and received assurance by them that the track would be completed to the alfalfa mill within a short time. The track was built as far north as the glass factory several years ago by the Katy, on a right of way donated by the Chamber of Commerce, and an agreement was made by the three roads which serve the city that the track would be extended as soon and as often as the establishment of new industries made extensions necessary. The new alfalfa mill is now ready to start up, but will not be able to start operations until the track is extended.

While in St. Louis, Mr. Walker made several trips back and forth from the Katy to the Frisco offices and helped to keep the legal departments of both companies working on a compromise contract which was finally arrived at and got in such shape that both companies would endorse it. In this contract it was agreed that the Katy should do the work and prepay the expense to the other roads interested. The terms of the contract were explained to the officials of the Santa Fe by Mr. Walker and he was promised the prompt and hearty endorsement of that company when the instrument shall be placed before them.

It is understood that the contract will reach the legal department of the Santa Fe company Tuesday of this week, and when signed by them it will be returned to the Katy to authorize that company to go ahead with the construction work, which should be completed within two or three weeks.

In expressing the appreciation of the Santa Fe for the very satisfactory business given that company at the city of Ada, W. K. Etter, assistant general manager, told Mr. Walker that there were just seven cities in the state of Oklahoma which produced over \$500,000 of revenues during the year 1920, and Ada was one of the seven.

Mr. Walker is very much satisfied with the results of his trip, and is of the opinion that the work done by calling on the executives personally would have required several weeks time if undertaken by correspondence.

up to Saturday, the last day of the term but it is understood that most of the cases will be continued, for one reason and another, as they are called up.

A MORNING THOUGHT—Cause me to hear thy loving kindness in the morning; for in thee do I trust; cause me to know the way wherein I should walk; for I lift up my soul unto thee.—Psalm 143:8.

THE PARLOR SOFA.

The oracle has spoken. The parlor sofa is going out of style. From the sacred precincts of Grand Rapids, Mich., a high priest of the furniture world has come forth with the announcement.

If fashion finally rules the sofa out, the American family is in danger. Reforms surely went far enough when they abolished its hair-cloth covering years ago.

Where will father loll on Sunday afternoons with a newspaper over his face and the ashes of his cigar contentedly scattered about him?

Against what can the baby bump his head while he is learning to walk, without the subsequent necessity of arnica or the doctor?

What new hunting ground shall the youthful son discover wherein he may retrieve lost thimbles, marbles, stubs of lead pencils and the like if the great dusty fissure between the back piece and the main springy part of the sofa be denied him?

Worst of all, where in the world will sister sit with her new beau when he comes to be entertained? What other article of furniture is so delightfully made? Though sis and beau sit at opposite ends of the sofa, its topography is such that they will inevitably slide together, which is exactly what young folk ought to do on parlor sofas.

Perhaps, however, it is mother, not the furniture men, who started the innovation. To mother, it will merely mean one piece less to dust, for mother never has time to use the sofa.

THE HABIT OF ACCUSING.

Severe condemnation should be heaped on the practice of many persons, which has almost attained the proportions of a national habit, to make charges against public officials or other prominent persons through the newspapers or in ways that give them no opportunity of defending themselves.

Charles M. Schwab, president of the Bethlehem Steel corporation who gave much of his time to the Emergency Fleet corporation during the war, became the victim of an unwarranted attack when Colonel Abadie, former controller of the United States Shipping board, charged that Mr. Schwab had collected \$260,000 from the government in a single month. Mr. Schwab promptly went before a congressional committee and produced evidence to show that he had not received a dollar from the government as salary and that he had paid his own personal expenses. Colonel Abadie apologized for his hasty charge, but a grave injustice has been done to Mr. Schwab.

Serious charges are frequently made against officials of the government, usually by persons who are not responsible either in finances or character, and these individuals are permitted to escape the punishment they deserve for their attempts to defame the character of public men. Even though apologies are forthcoming, much harm has been done in the minds of thoughtless persons.

LENINE LOOKS TO HARDING.

Ludwig Martens, self-styled "ambassador" to the United States from the soviet government of Russia, on the eve of his deportation to Russia, gave out the statement that he depended on socialists to carry on the work which had been interrupted—the sovietization of the United States, he disclaimed any purpose of spreading the doctrines of bolshevism in this country, but declared that he was here only in the interests of building up trade with Russia.

The prediction of Martens that it would not be long until a representative of the soviet government of Russia would be credited at Washington may prove to be correct, for there is a movement within the ranks of the Republican party to bring about the diplomatic recognition of Lenin and Trotzky. President Wilson has made it plain that there can be no recognition by his administration of the soviet rulers of Russia, whose attitude toward other nations has marked them as without the least honor. What the administration of Mr. Harding may do is a matter of speculation.

It takes a wiseman to make the kind of friends which cost the least for upkeep.

Anyhow, when a poor man dies he is not called on to give up as much as the rich man.

Political virtue is something that functions best with the men who are out of office.

The foot-pad, like the successful merchant, probably prides himself on his follow-up system.

If the girls must chew gum, they show the right spirit by putting a little pep into the operation.

Some congressmen who do not expect to be back for the next session are hardly justified in taking it out on the public in talk.

KING OF SPAIN IS HER GODFATHER

Mile. Victoria with her mother, the Duchess Levis Mirepoix.

Vying with Cinderella and her fairy godmother, this little girl has a king for a godfather. She is pretty little Mile. Victoria, daughter of the Duchess Levis Mirepoix. King Alfonso of Spain is her godfather.

The Forum of the Press

Ardmoreite: Editor of a nearby paper states that the doctor feels his pulse, when he is sick to find out what caused the illness, while his wife smiles his breath for the same purpose. This rule applies in this city also.

Cushing News: As we see it Mr. Bryan's idea of the sort of Democratic party we should have, is one personally conducted by William J. Bryan.

Okmulgee Times: Police Commissioner Swain will preside over his Sunday school class as usual tomorrow. His subject will be the "insignificance of the whisky evil—16 quarts of it."

Wichita Eagle: The jitney bus fare in Wichita is a nickel, while the street cars charge six cents. The busses are owned and operated by Wichita men, and the money they collect is spent in Wichita. The street cars are owned by an Illinois millionaire. No wonder the busses prosper. What Wichita needs is more busses.

The practice of street loafers parking themselves in cars standing at the curb on the street is to be broken up by the county prosecutor, for he says there is no excuse in the world for a man to molest or occupy a car belonging to someone else.

Barlesville Enterprise: The automobile shows of this winter will show many new and novel features in connection with the novel features but they probably will all require the same old fashioned mortgage to make them move.

Okmulgee Democrat: The burden of an explanation, at least, lies upon any charitable organization which collected over \$1,700 from the people of Okmulgee, presumably for charitable relief work here to account for the fact that only about one-seventeenth of that sum reached the destitute of this city.

Muskogee Times-Democrat: Paying a motion picture "star" no matter how famous, the fabulous salary of \$50,000 a year is an insult to American intelligence. The same is true of ball players, boxers, wrestlers and a lot more of "commercial vags." People whose fame is commercialized by tribute upon the pocketbook should be given a job on some railroad section crew.

KIWANIS CLUB MEMBERS TO ENTERTAIN PRESIDENT-ELECT

(By the Associated Press)

CLEVELAND, Jan. 31.—President-elect Warren G. Harding and the Premier of Canada, are expected to address the inter-national convention of the Kiwanis Club, which it is expected will bring 6,000 delegates to this city from all parts of the United States and Canada next June. Gov. Harry L. Davis and United States Senator Frank B. Willis, of Ohio, are also probable speakers.

Conferences of the groups of club presidents and secretaries and district governors and secretaries will be held June 21, the convention opening the following day.

Card of Thanks

We wish to thank our friends for their kindness and beautiful floral offerings during the illness and death of our beloved wife and mother.

Ebony Daughter Was Riled

Led Officers to Rival's Wash Tubs

"Jest go to de home of dat good-fu'nthin' niggah I se jst tole yo' Honah ob; jst go to her home an' look on de nefe side ob de kitchen," emphatically declared a negro woman in police court Monday.

She had just told Mayor Kitchens of being mistreated and deserted a few days previously by a negro who had sworn at the hymenial altar to live with her till the crack of doom. This particular son of Ham had not only deserted her but he had taken up his abode with another lady of ebony hue, and the two, according to the informant, were violating the law of the land by having in their possession two buckets of "choc," which were said to be hanging on the north wall of the kitchen.

Mayor Kitchens sent a couple of cops to investigate, and, sure enough, two buckets of "choc" were found hanging on the outside of the house under two washtubs. The inmates of the house claimed to

know nothing whatever about the "choc," and convinced the mayor that they were telling him the truth.

"Hell hath no fury like a woman scorned," quoted the mayor, as he dismissed the case against the man and woman. He is of the opinion that the complaining woman, prompted by jealousy, had "planted" the two buckets of choc on her neighbor's wall with the view of causing them trouble.

BELGIAN SHIP NOT IN DISTRESS, CAPTAIN SAYS

NEW YORK, Jan. 27.—The Belgian steamship Connonier, believed yesterday to be the ship from which S. O. S. distress calls were received, is safe and at noon today was about 30 miles east of Ambrose light ship. This information came to the naval communications service here in a radio dispatch from the captain of the ship, in which he denied sending out a distress message.

JAPAN'S LATEST BATTLESHIP HAS BEEN LAUNCHED

(By the Associated Press)

TOKIO, Dec. 15.—(Correspondence of the Associated Press)—Japan's latest battleship, Nagato, has a deadweight tonnage of 33,800 and can develop a speed of 23 knots per hour. Her length is 660 feet. The armament of the new addition to the Japanese fleet includes eight 15-inch guns and twenty 6-inch guns. She is fitted with four turbine engines. The "Nagato" takes a place among the largest battleships afloat today, her 33,800 tons comparing with the British "Hood," 41,000 tons and the American "Tennessee," 32,000 tons.

Admiral Tachibana, the commander of the First Squadron, said that the Nagato is unique not only in size, but also as regards her equipment. Her main mast is built in the form of a tower and the range finder has been so devised that it can fire at an enemy very far off.

Gasoline 25 Cents at Miami. Miami, Feb. 1.—Gasoline filling stations today announced the second reduction in the price of gasoline within the past ten days, cutting from 27 to 25 cents. Kerosene took a similar drop of 13.1 cents.

MATCHMAKING

"NOW that Miss Favorite is coming to spend a few days with us, I think I'll invite Charles Augustus Terwilliger to dinner," said Mrs. Jamesworthy. "I have always thought they were intended for each other, and they should be better acquainted."

"I never could understand why married women are always matching up the young people of their acquaintance," remarked Jamesworthy. "Most wives insist—at least to their husbands—that matrimony is a pronounced failure."

Every time you see an old maid you turn green with envy, and you have told me a million times that a woman sacrifices her liberty and independence the minute she inveigles a man to the altar, and vows to love, cherish and protect him. You have said in my presence that the spinster is the only woman who is her own boss.

"It doesn't take the ingenuity of a Sherlock Holmes to deduce from your remarks that you consider matrimony a total loss. Why, then, Mrs. Jamesworthy, are you forever trying to beguile your friends into that condition of misery? Of course, you can't explain; neither can any woman explain. Matchmaking just comes natural to all of you."

"When I am looking for all kinds of plain and fancy trouble, I'll begin matching up the young men and women of my acquaintance. But not until I am suffering for an invoice of grief, I might persuade my friends to invest in a western silver mine, or buy patent rights in a revolving churn, but you'll never see Elijah Jamesworthy boasting matrimony in your indiscriminate way. If two young people got married through your ring generalship, and they found that each had drawn a gold brick, they would hate you as long as they lived, and would always speak of you as an old busybody with a nose too long for legitimate purposes, and they'd make faces at you whenever you met them on the street."

"Do you ever think of your responsibility when you try to boom the orange blossom market? Does it ever occur to you, at such times, that you are rushing in where angels fear to tread?"

"Now, just consider Sarah Jane Favorite and Charles Augustus Terwilliger, who will be railroaded to the altar if you have your way. I admit that they make a handsome pair. Sarah is a blonde with a pug nose, and Charles Augustus is a brunette with a nose like a Roman senator. They afford a pleasing contrast. But appearances count for little, Mrs. Jamesworthy, when the real business of married life begins."

"Sarah has basked in the lap of luxury all her days, and she has the idea that money grows on vines like cucumbers. I don't suppose she ever knew what it means to need fifty cents or a dollar. When she wants anything she goes to the store and gets it, and has it charged to her father. If there is one word in the dictionary she isn't familiar with, that word is retrenchment."

"Charles Augustus on the other hand, had hard sledding all through his boyhood. As a result of his experience he has an exaggerated idea of the value of a kopeck. He is the sort of man who will walk eight miles through a thunderstorm rather than cough up carfare. Whenever he parts with a nickel he has to take a bromoseltzer to steady his nerves. His reverence for money increases every day, and it will keep on increasing as long as he lives."

"Yet you, Mrs. Jamesworthy, in your feeble-minded matchmaking enthusiasm, would use your vote and influence to join these two people in the holy bonds. Just take the advice of your swayed husband, and let such people work out their own destinies, and everybody concerned will be happier."

MOST BEAUTIFUL BLONDE IN U.S.
IS TITLE ENGLISH ARTIST GIVES HER

A striking pose of Marion Davies, showing her blonde tresses to advantage.

NEW YORK, Jan. 29.—(Special) —Marion Davies is the most beautiful blonde in America, and she possesses every attribute of the "perfect blonde type."

E. O. Hoppe, the noted English artist, who came to America last year as vice president of the Decorative Art Group of Great Britain, says so. He says that the "perfect blonde" must possess:

Eyes that are spiritually over physically beautiful.

Skin like the English girl's (This should be "peach blossom" in color and "rose petal" in texture.)

Her mouth should be cupid bow. Her proportions should be girlish. Her hair should be abundantly liquid gold.

Marion Davies, who inspired Harrison Fisher to paint "Morning" and who Howard Chandler Christy called "The Living Girl on the Magazine Cover," so many and so noted have been the magazine covers that Miss Davies posed for possesses all these, says Mr. Hoppe.

Therefore, she is the "perfect blonde."

Said Mr. Hoppe:

"A 'peach blossom' and velvet texture spin, with eyes just 'right,' allied to hair of liquid gold is the combination that makes for the 'perfect blonde.' Miss Davies has all these—more."

Here Mr. Hoppe became almost enthusiastic:

"Her eyes are the most beautiful of any blonde I have ever seen in America or England. That is, they possess to a greater degree depth and spiritual over physical beauty. Miss Davies' disposition, I might say, is as lovely as her disposition. In fact I cannot conceive the one without the other."

Mr. Hoppe last year was asked to name America's most noted beauties among them named Mrs. Lydig Hoyt, Mrs. William Astor Chandler, Miss Millicent Rogers, Mrs. W. K. Dick, Mrs. Ansier H. Duke, Miss Ethel Barrymore, Mrs. Charles Dana Gibson, Mrs. Lewis Woodruff, Mrs. Charles B. Dillingham and Mrs. Bryce Wing.

Marion Davies is a Brooklyn girl of twenty. She made her debut on the musical comedy stage three years ago, later becoming a Ziegfeld favorite, more recently starring in film production. She lives with her parents at No. 331 Roverside drive, her father being Judge Bernard J. Douras.

GREEK SOCIETY WANTED BY KING

Royal Family Trying To Win Favor of Upper Class ePople.

(By the Associated Press.)

ATHENS, Jan. 10.—King Constantine and all the members of the Greek Royal family, now again in Athens, are leaving nothing undone to win favor with the people. On the other hand, members of a section of the upper class of society (the so-called lion hunters) are doing everything in their power to obtain admittance into the royal circle.

The Venizelists, to whatever class of society they belong, regard King Constantine as a selfish individual who would sacrifice the interests of Greece to satisfy his own ambitions.

The King's several brothers are also heartily disliked in Venizelist circles for they never miss an opportunity for making disparaging remarks about the Cretan statesman thanks to whose astute diplomacy Greek territory was extended to its present frontiers.

Mme. Aspasia Manos, the morganatic widow of the late King Alexander, continues to attract general attention in Athens. She now lives by herself in a rather modest dwelling in the Kiphissia avenue. The princess and princesses who preceded King Constantine and Queen Sophie to Athens rather looked upon Mme. Manos as an intruder, and gave her the cold shoulder. Queen Sophie's motherly instincts, however, got the best of royal blood prejudices and she received her borganatic daughter-in-law with open arms. Alexander was Queen Sophie's favorite son.

Queen Sophie has given orders for the employment of an English first-class nurse in preparation for the birth of Mme. Manos' child.

You will save money by reading the ads.

FOR TRADE OR SALE

Raise Quarantine to Stop Spreading of Fever Tick Pest

L. C. Edmonson, state superintendent of livestock inspection was in Ada last Saturday and with W. B. Gay of this city made an inspection of some cattle in Pontotoc county which had been reported to the state as being ticky.

Mr. Gay announced that ticks were found to exist and the animals will be subjected to a local quarantine and will be treated to prevent the spread of the pest. Mr. Gay was appointed to have charge of Pontotoc county during the month of February, and Mr. Edmonson will return from Oklahoma City Monday to meet with the county commissioners and have arrangements made to take care of ticky animals found in the county.

The tick pest was practically eradicated from Pontotoc county in 1918, and only a few isolated cases have been known to exist since that time. As soon as ticks are discovered the animals are quarantined to prevent the spread, and approved methods are used for their extermination.

Card of Thanks.

We desire to express our appreciation of the kindness shown to our beloved mother, sister and aunt, Mrs. Susie Scates, during her sickness and death. May God's richest blessings abide with you one and all.—Vester Scates, son; W. T. McAdams, brother; R. M. McAdams, brother; S. L. McAdams, brother; Joe McAdams, uncle. 2-1-11*

Mrs. SELCHERT'S DAUGHTER

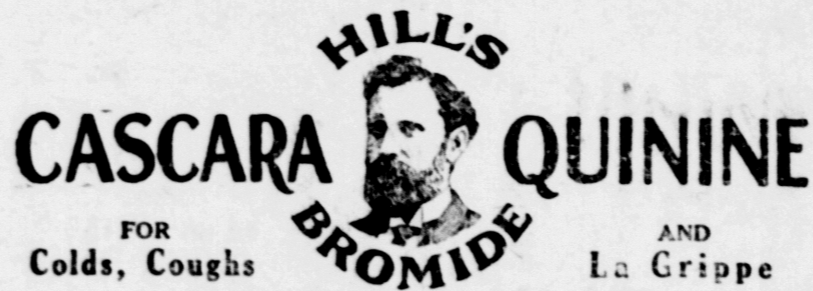

Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Horicon, Wis.—"My young daughter had been troubled for several months with backache and a bad feeling in her stomach. When she got to the table to eat she did not want anything, while before she was so hungry she could hardly wait for her dinner. The doctors gave her medicine but it did not help her. One day I was reading a little book of yours which was left on my porch and it reminded me that when I was a young girl I took several bottles of Lydia E. Pinkham's Vegetable Compound. So she went to the drug store and got a bottle and after the second one she could eat and has not had backache since. In all she took six bottles of it. She goes to school and on Saturdays helps with the housework. She is a normal, healthy girl now and we recommend your medicine. You have my permission to publish this letter as a testimonial for the Vegetable Compound."—Mrs. FRANK SELCHERT, 150 Larabee St., Horicon, Wis.

Mothers all over the country have found Lydia E. Pinkham's Vegetable Compound to be a most reliable remedy for such conditions.

Why Many Women Have no Appetite for a Meal They Themselves Have Cooked

Smoke and odor of cooking with lard and other animal fat destroy appetite

MOST women never enjoy a meal they themselves have cooked, because the odors of food—fried in lard and other animal fats—"take the edge off the appetite." They sit down to the table and eat only a fraction as much as they should eat.

Besides, these odors penetrate the house in a most disagreeable way, causing embarrassment to the refined housekeeper, and much annoyance to the neighbors.

Cooking Odors Prevented by Modern Methods

Modern housewives are almost entirely overcoming this. They use Mazola—the New American Salad and Cooking Oil—instead of old-fashioned lard and other animal fats.

Women who cook the new way sit down to the table and enjoy their food. Mazola doesn't smoke easily—it can be heated so hot without burning that it crusts over the surfaces of the food, and prevents the odors from arising. This keeps flavors in the food, making it richer, better tasting, more nutritious and digestible.

No Ban on Fish or Onions You can fry fish or onions in Mazola, and the odor will hardly be noticeable in the next room.

WALLACE BROKERAGE CO. Local Sales Representative Oklahoma City, Okla.

FREE Sixty-four page beautifully illustrated Corn Products Cook Book. Write Corn Products Refining Company, P. O. Box 161, New York City.

So complete is this sealing effect, that even after you fry fish or onions in Mazola, you can use the same lot for shortening the most delicately flavored cake, or the crispest, most delicious pastry—without carrying the least suspicion of odor from one food to the other. This is another reason why Mazola is so much more economical. You can use it over and over again—until the last drop is gone.

The Health-Giving Salad—with Mazola

Mazola is relished by the best judges of salad oil everywhere for its wonderful richness and purity. It equals in flavor the finest imported Italian olive oils—and at only about half the cost.

Many prefer it to the finest olive oil—as it blends more perfectly with other ingredients, making a firmer, smoother dressing, that keeps for weeks without separating. Mazola is sold in pint, quart, half-gallon and gallon cans. At all grocers.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Interesting Stories of Places and People, Both World and Continental, Told in Pictures for Readers of The Daily and Weekly News

MEGAPHONE "ARTIST" IN OLD DAYS HELPS RAISE CENTENNIAL GIFT TO AMHERST

Eugene S. Wilson, at right, and Arthur Curtiss James.

A megaphone "artist" in old Amherst days, Eugene S. Wilson, then affectionately known as "Tug," has extended his field of auditors. He is now vice president of the American Telephone & Telegraph Company and can make himself heard anywhere. He is shown talking to Arthur Curtiss James, commodore of the New York Yacht club, attending an Amherst rally of alumni in the interest of their \$3,000,000 centennial gift to the college. Wilson still has his megaphone, the picture shows.

UNCLE SAM GIVES COMMUNISTS XMAS GIFTS: THEIR TICKETS BACK TO EUROPEAN SHORES

Some of the departing Communists "walking the (gang) plank" at Ellis Island.

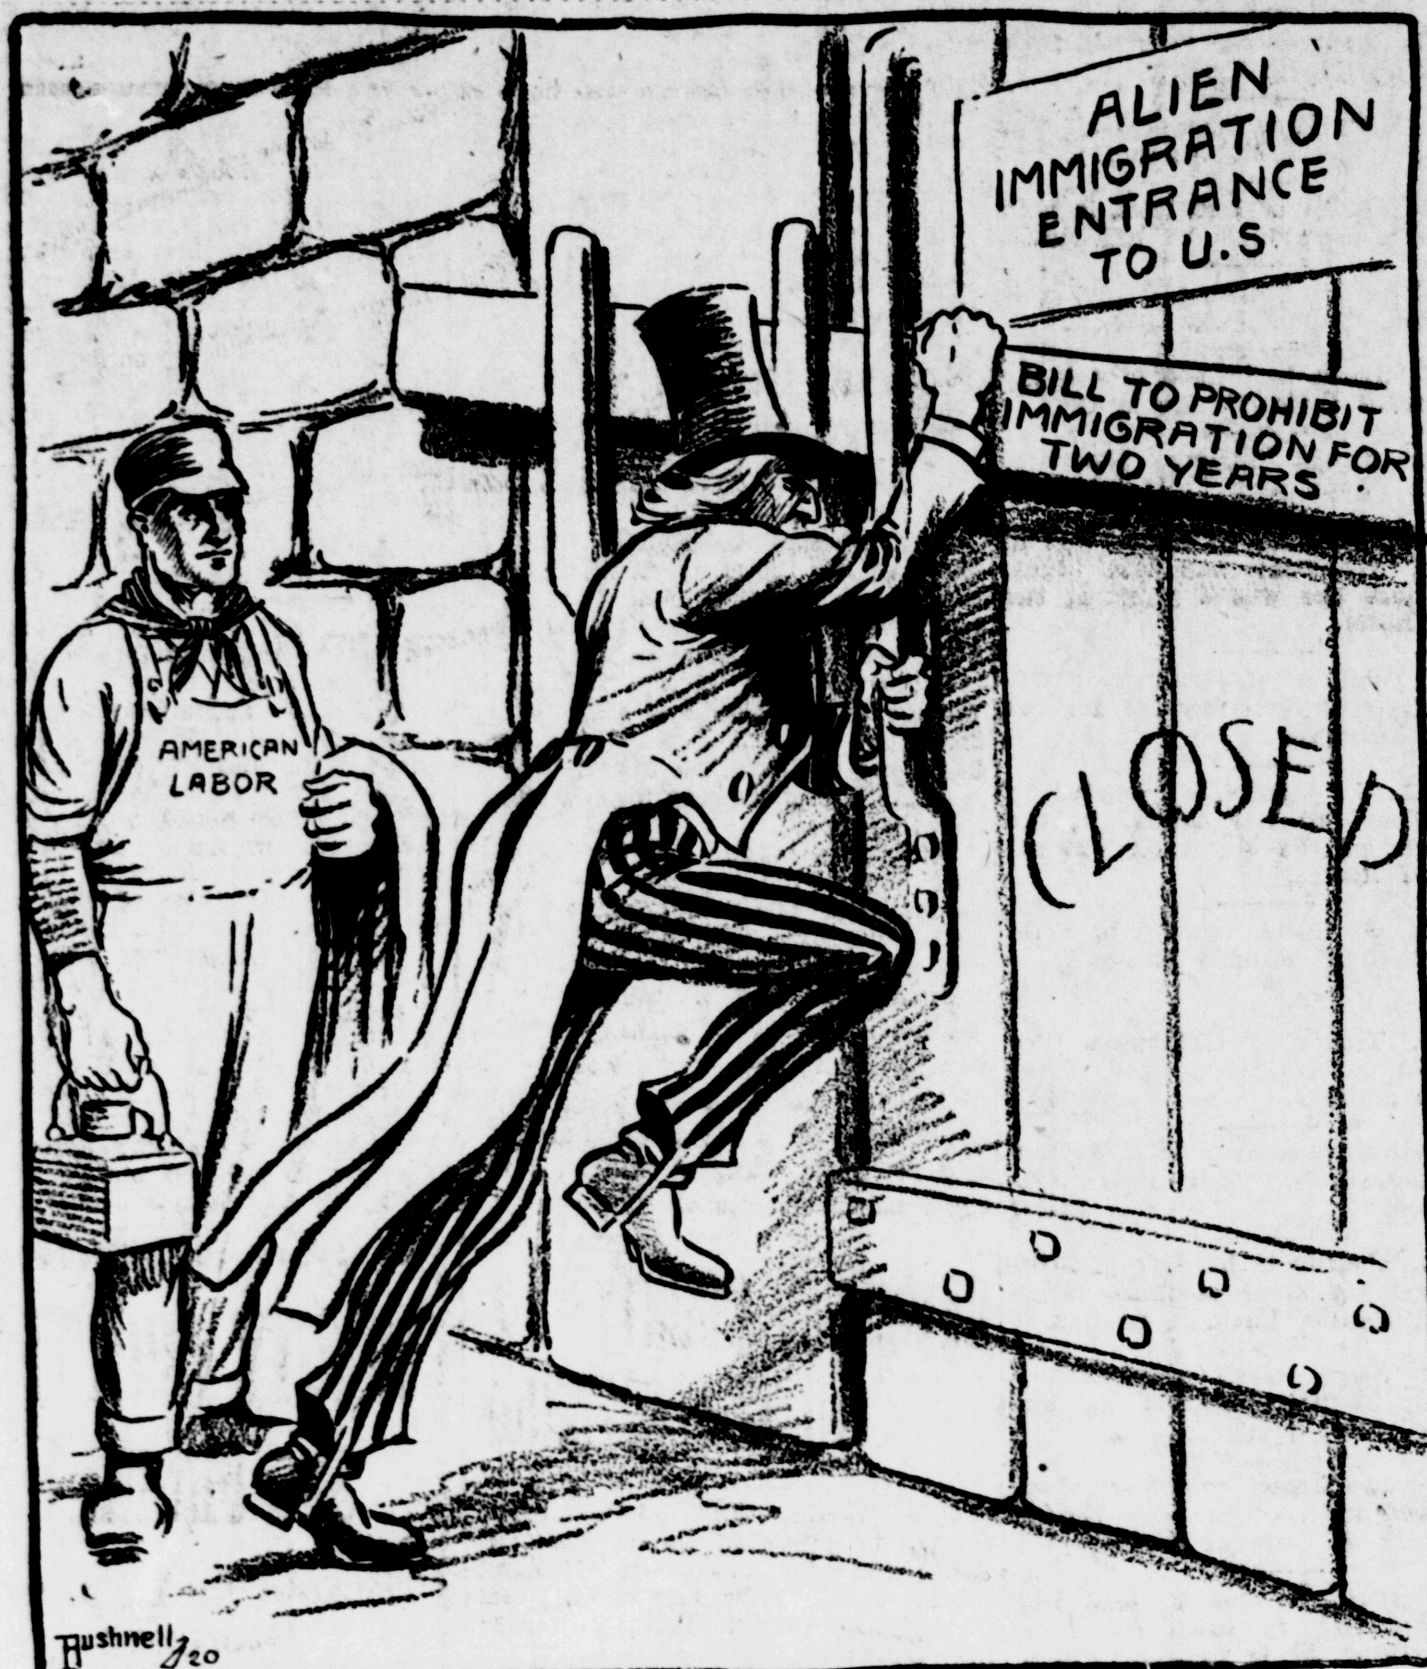

Uncle Sam's holiday greetings to twenty-three Communists who were known to be leaders in spreading the doctrine of Lenin in the U. S. consisted of transportation back to the lands from whence they came. Strange to say, these undesirables who talked so loudly of the injustice done the poor man in this country were quite loath to leave for other shores—even though the voyage will take them nearer Lenin and the Communist haven.

HE'S CHAMPION—BUT WHY SPEAK OF IT?

Clifford Harrison "mixing one" for guest at Embassy Club.

Visitors at the American bar at the Embassy Club in London insist that Clifford Harrison, better known as "Pop," is the champion cocktail mixer. 'Tis said that he can shake 200 satisfying drinks. Why some person has sent this picture and story to tease Americans is unknown.

NAMED PRESIDENT OF INTERNATIONAL BASEBALL LEAGUE

John Conway Toole.

John Conway Toole, chief counsel for the National league since 1911, was recently elected president of the International league. The league is to be known in the future as the New International league. Toole's salary will be \$10,000 a year. His contract runs five years.

SIGNS TO PILOT BOSTON BRAVES

Fred Mitchell.

Fred Mitchell, let out as manager of the Chicago Cubs, has been signed to succeed George Stallings as pilot of the Boston Braves. Stallings resigned a short time ago after eight years at the helm. Boston fans are looking to Mitchell to pull the Braves out of the baseball rut in which they have been running since 1914.

SCRATCH BY FOOD CAUSE OF INJURY TO NOTED TENOR

Diagram showing location of blood vessel which burst and picture of Caruso.

Enrico Caruso, noted tenor, is singing again and his voice apparently has not suffered from the bursting of a tiny blood vessel recently while he was warbling in "Elsie d'Amore" in New York. According to Dr. Philip Horowitz, Caruso's physician, the blood vessel which burst had been scratched by a morsel of food. The above diagram shows the location of the blood vessel and important parts of the throat. 1—Upper nasal resonance chamber, a sounding board. 2—Middle nasal cavity, a resonance chamber. 3—Lower nasal chamber. 4—The uvula, or soft palate. 5—The epiglottis. 6—The great muscle which controls the tongue. 7—The larynx, or "voice box." 8—The upper controlling ring of the esophagus. Arrow points to location of small blood vessel that burst.

EVELYN NESBIT APPEARS IN COURT

Evelyn Nesbit Thaw Clifford, photographed in court.

Another short paragraph in the story of Evelyn Nesbit Thaw Clifford's tumultuous life was written the other day when she appeared in a New York court to prosecute her brother on a charge of withholding \$300 due her on the loan of a diamond ring. She told the court that without that money she would be unable to spend Christmas with her son Russell, who is with his maternal grandmother in Pittsburg.

WHERE BAYONETS RULE

Martial law has been proclaimed in the following cities and counties of Ireland: City and county of Cork, city and county of Tipperary, county of Limerick, and county of Kerry. All these places lie in the southwest part of Ireland, and are indicated by shading on the map.

DAN CUPID ALSO HAS HARD TIMES

Club Girls Will Not Keep Company With Boys Who Smoke.

(By the Associated Press.)
MATTOON, Ill., Jan. 29.—Dan Cupid is finding his bows and arrows are thus far quite useless against the hearts of the girls of the West Side Christian church of this city who have formed a club not to keep company with boys who smoke cigarettes or use tobacco in any form.

The club is continuing to grow according to its sponsor, Edward McKee, superintendent of the Sunday school of that church, and though a marked decrease in the number of "matches" is noted, according to Mr. McKee, quite a few local boys have given up the bad habit.

Dan Cupid's second and hardest blow—the blow that sent him reeling dizzily—came when a number of boy students at the Mattoon high school retaliated by forming an opposing organization to try to make out of the girls of today "the kind of girls our mothers were."

It was at a meeting of the Christian Endeavor Society a week ago that Mr. McKee urged the girls to sign pledges not to keep company with boys who "used the weed." Twenty-five pledges were signed immediately and during the past week the club grew in leaps and bounds. The Christian Endeavor Society girls now hope to induce every girl in town to join their ranks.

"Do you want to stand around while some boy is smoking a cigarette or walk up the street with him as he dangles the silly thing in his teeth or do you want to smell the nasty smoke?" they argued. The answer, they say, is usually "no" and a new signer to the pledge is obtained.

It was then that the boys decided something must be done. They missed seeing their sweethearts and a number of the male students at the local high school formed a club, the members signing pledges as follows:

"I do solemnly affirm that I will not court a girl who persists in: "Wearing knee-length skirts. "Wearing low cut waists below the point where mother wore them when she was a girl. "Wearing silk stockings. "Using paint or rouge. "Attending dances minus her corset. "Pulling out her eyebrows or wearing her hair in such a style so as to hide her ears."

Mr. McKee looks upon the boys' organization as "merely a bluff club to frighten the girls out of their stand against tobacco."

"It would be a good thing, though," he added, "if something like that could be done. We need more girls today like our mothers."

In the meantime, both sides are holding firm, according to members, and "much good is being done," according to Mr. McKee. "This is not a temporary movement on the part of the girls," said Mr. McKee. "They are in earnest."

"So are we," retorted the boys.

BIG TRACTOR SHOW WILL BE HELD IN NORTHERN CITY

(By the Associated Press.)
COLUMBUS, O., Jan. 30.—Farmers from every section of the country are expected to attend the sixth national tractor show, to be held at the state fair grounds here Feb. 7 to 12. Power farming machinery and accessories, and motor trucks to the value of more than \$1,000,000, will be on exhibition, it is said at local offices of the show.

Three acres of floor space will be taken up by exhibits which will be housed in seven display halls. Twenty American universities, and the Society of American Agricultural Engineers have arranged educational displays, to show the status of power farming machinery in various states; the progress and improvement of power farming; the best ways of taking care of farm machinery and kindred subjects.

Speakers will include faculty members of State College Pennsylvania; Purdue University, Indiana; the University of Wisconsin; Texas A. and M. College; Kansas Agricultural College and the College of Agriculture of Nebraska.

IRISH CONDITION REMINDER OF OLD DAYS IN IRELAND
(By the Associated Press.)
BELFAST, Ireland, Jan. 13.—Exciting man hunts and thrilling escapes by fugitives, reminiscent of the older days in Ireland, often attend conflicts between British authorities and Sinn Feiners.

Martin Conway, one of the Sinn Feiners, wounded in the shooting which took place at a dance near Bruff, in the county of Limerick recently, crawled four miles after he was wounded. He was tracked down with a dog which he shot when it came upon him. The fugitive himself was killed by the shots of those who were endeavoring to arrest him.

Another fugitive who was being hunted by the government agents hid neck deep in a bog. His pursuers were close on his trail and swept the bog with a searchlight. Everytime the light swept over him he was forced to hold his head under water to avoid being detected. He remained in the bog several hours and eventually escaped.

STORE IS DYNAMITED WHEN OWNER OPPOSES MINERS' STRIKE

View of Joyce's store after the dynamiting.

The general store of James A. Joyce, known as the "miners' friend," at Pittston, Pa., was

wrecked by dynamite a few hours after he addressed a meeting of insurgent Pennsylvania miners.

urging them not to declare a general strike. Officials are trying to run down the dynamiters.

GO TO THEATRE

McSwain.
Vaudeville and pictures. The Raynor Lehr's Right Now show, which opened at the McSwain theater yesterday proved to be one of the very best of shows.

Raynor Lehr, as "Jake," proved a hit and some dancer is "Jake" too. "The Right Now" harmony quartet is exceptionally good. Tom Pickett the yodler is clever and both the man and lady characters are good. The dancing chorus is full of pep and each a good dancer. Not a word of smut makes the show clean and liked by all. The program changes daily and the picture program today is Billie Rhodes in "Nobodys Girl."

Alma Rubens, who was the featured player in "Humoresque," has the leading role in the new Cosmopolitan Production, "The World and His Wife," which will be shown at the McSwain theatre Monday.

The scenes in the picture, which was adapted from a successful Broadway play, are laid in Spain. Miss Rubens has the role of Fedora, a young Spanish girl, who marries Don Julian, very rich and much older than herself. Ernesto, a youthful writer and son of Don Julian's deceased friend, comes to live with them. Evil stories are circulated about the young folks. A duel, in which Don Julian is fatally wounded, and several other startling events follow.

Besides Miss Rubens, the cast of "The World and His Wife" includes such notable players as Montagu Love, Gaston Glass, Pedro de Cordova and Charles Gerard. Robert G. Vignola directed the picture and it is a Paramount Artcraft release.

American.
The attraction at the American theatre, Wednesday will be "Two Moons," starring Buck Jones, the Fox cowboy star. Great things in the way of a treat for the thousands of admirers of this handsome young actor are promised in this picture, which was adapted from Robert Welles Ritchie's novel, "Trails to Two Moons," an exhilarating tale of the bitter feud between the cattle men and the sheep herders of Wyoming.

New stunts of daring, new situations to stir the blood and thrill the heart, are said to have been used in "Two Moons," with the winning personality and his prowess as a daredevil never given as fuller play in any picture. It is said. As a foil to his masculine masterfulness are the charms of Carol Holloway, who plays the part of Hilma Ring, a daughter of the sheepmen's faction. Hilma's hatred for everything and everybody connected with cattle is shown when she deliberately tries to shoot Original Blunt (Buck Jones) at their first encounter.

EXPLOSION IN CHICAGO FLAT CAUSES FIRE
(By the Associated Press.)
CHICAGO, Feb. 1.—Fire, following an explosion of a bomb in a four story flat building, tenanted by negroes, sent thirty families into the street early today. Damage was estimated at twenty thousand dollars.

Ada Citizens Give To Aid European and Near East Sufferers

The charitable spirit of the citizens of Ada was demonstrated Sunday in a manner which speaks well, indeed, for the city, when \$1,290 was donated to European and Near East relief campaigns.

Six hundred dollars was raised by the various churches of the city, another \$600 was raised by the schools of the city, and \$90 was raised at two free picture shows which were given for the purpose at the McSwain and the Liberty theaters.

The \$1,290 raised at the churches and the schools will be turned over to the Syrian and Armenian relief committees, and the \$90 raised at the picture shows will be placed in the fund being collected by Herbert Hoover for the relief of suffering in the afflicted European nations. Special collections were taken at

each of the churches, the schools, and the theaters to which practically everyone present donated something. It is thought that an additional \$600 will be raised in the city from other sources.

Would Remove Restrictions.
WASHINGTON, Jan. 28.—The Prellinghuysen bill amending the Clayton anti-trust act so as to remove restrictions on railroad transactions with companies having interlocking directorates was favorably reported by the senate interstate commerce committee today, modified to provide for supervision of such transactions by the interstate commerce commission.
